Foreign Fads.

Some ultra-fashionable women of Vienna recently appeared in public with the single eyeglass or monocle of the English pop screwed into their arched brows. An effort to introduce the idea in Paris was promptly frowned upon. Thus far none of the new women of New York have undertaken to follow an utterly senseless and wholly uninteresting fashion. But the single loggnet has struck the metropolis and is the decorative fad of the hour.

In a recent fire practice drill the entire attendance at Harrison school vacated the building, returned and were at work again in two minutes and forty seconds.
